

RAY OF LIGHT FARM ADOPTION AGREEMENT

Ray of Light Farm agrees to the adoption of foal, foals, horse or horses under the following terms:

Adoptions are intended for permanent homes and private /family use, not for resale prospects.

The adopter shall provide yearly preventive inoculations, parasite control, dentistry, hoof care and veterinary care for illness or injury. The adopter shall notify Ray of Light Farm of accidental or natural death of their horse. Where euthanization is necessary, a veterinarian must administer it.

A barn, stable or three-sided structure must be provided for shelter. A safe, secure pasture, paddock or corral must be provided for exercise.

Stallions must be gelded and breeding of mares is prohibited. A veterinarian certificate of gelding or a receipt of gelding services must be sent to Ray of Light Farm within one year from the date of the foal's birth.

The horse can be returned to Ray of Light Farm if the adopter is financially unable to care for the horse, or the horse is no longer wanted or needed. Arrangements must be made in advance with Ray of Light Farm. However, the owner may have to assume responsibility until an adoptive home is found.

Location changes of the horse must be filed with Ray of Light Farm, and we reserve the right to check in on the horse's care without advanced notification.

If Ray of Light Farm is responsible for transporting the horse to its adoptive home, a rate of \$1.50 per mile will be charged (or the adopter will pay charges agreed upon).

In the event of DEFAULT of any terms or conditions written herein, Ray of Light Farm is authorized to take possession of, seize and retain ownership of said animal(s) named herein.

The adoption fee varies in accordance with market value of the horse.
